

Covid Safety Guidelines from 1 April 2022

Because LFTs won't now be freely available, the Committee has reviewed the Club's safety guidelines, as follows:

We will:

- continue to provide hand sanitisers and ask that these are used as often as necessary
- continue to ventilate the hall
- ask all dancers to continue to notify us if they test positive
- ask all dancers to tick the Attendance Sheet on arrival (this is necessary for general safety)

To minimise cash handling, we remind everyone that online payments and cheques are preferred

Finally, and obviously, please don't attend if you're feeling unwell.

We hope you agree that these are sensible measures which are worth keeping in place for the future.
